This handbook includes examples of some of the documents you may have signed at registration. Please find these in the appendices 1-4. If you would like further advice or information on these documents, please contact your branch.

TOTAL QUALITY

An organisation's existence depends upon its customers, so satisfying their requirements must be its main aim. This can only be done by putting quality into everything we do.

Customers expect quality because:

- They want a reliable service
- They want it to meet their requirements
- They want value for money.

Quality is important to you because:

- You want job satisfaction
- You want to enjoy your work
- You want to do a good job
- You want respect .

This quality matters to both our clients and to The Agency because:

- Our customers demand it
- Our future success depends on it.

INTERNAL CUSTOMER-SUPPLIER SATISFACTION

Any company is a complicated chain of activities with people depending on the quality of work they receive from others.

Within a company, every individual has their own internal customers who depend upon you to do your job right first time. It only takes one small hiccup to make the whole chain fall apart.

- Quality is the responsibility of everyone
- Get things right first time, every time
- Quality is achieved by preventing things from going wrong

WAGES

You will be paid at least the national minimum hourly rate for your service which will be paid to you on a weekly basis in arrears.

NATIONAL MINIMUM WAGE / LIVING WAGE

Everyone working in the UK is entitled to be paid the National Minimum Wage (NMW) or where age applicable National Living Wage. You can be paid more than NMW but you must not be paid less.

The rates are fixed by law. There are different rates depending on your age. To find out the current National Minimum Wage Rates please look on - www.gov.uk/national-minimum-wage-rates or ask your agency representative who will be able to supply you with the current rates.

If you think you are being underpaid by your agency or want advice or information about the NMW you can call your Branch Manager in the first instance, they will endeavour to resolve any problems or answer any questions.

DEDUCTION FROM WAGES

Other than PAYE TAX and National Insurance (NI) contributions agencies can only make deductions from your wages if you have agreed in writing beforehand to the deductions being made or if the law or your contract with your agency allows or requests the deductions. The things for which you can expect your agency to make deductions without needing your agreement include:

TAX AND NATIONAL INSURANCE

In almost all cases your agency must deduct money from your wages for National Insurance contributions.

Once working for the agency, please ensure that you provide your P45 or complete a P46.

If you are liable to pay National Insurance you will need a UK National Insurance number. If you do not have a National Insurance number, you should contact Jobcentre Plus at www.gov.uk/apply-nationalinsurance-number (Jobs and Benefits office in NI) to apply for one. Your agency will still deduct NI even if you have not registered using an emergency NI code. Some agencies may offer you a job without paying National Insurance or tax (known as 'cash in hand'). This is against the law. Please report this to your local Branch Manager.

UK TAX

UK tax is also payable on your wages for UK work. Monies will be deducted as appropriate for UK Tax and National Insurance.

If you are not a UK resident and have not earned over the Tax threshold whilst working in the UK and you are planning on returning to your home country you may be entitled to a rebate, please contact the HMRC on 0300 200 3319 (or +44 135 535 9022 if you are calling from abroad).

When calling the HMRC you will need your national insurance number to hand and the company PAYE number you have been working for. These details will be on your P45. Please check your payslip to see who you are paid by and contact this payroll company for your P45. This may not always be the agency you registered with, it may be a third party so please check your payslip for the information. You should seek proper accountancy advice on this matter to determine if and what you may be entitled to claim.

You may find the following websites helpful. http://www.hmrc.gov.uk/incometax/personal-allow.htm http://www.hmrc.gov.uk/incometax/refund-reclaim.htm http://www.hmrc.gov.uk/agents/index.htm.

BANK ACCOUNT

Your money will be paid into your personal bank account, therefore if you do not have a bank account on your registration, please speak to your agency representative and they will advise you on what to do next. Please be aware that you will need to have an original ID or passport and proof of address to able you to open a bank account in the UK.

WORKPLACE PENSION

Once a company reaches their 'auto enrolment' date they must then enrol workers in to a Workplace Pension Scheme if they meet certain criteria.

Please visit the link provided to understand how 'auto enrolment' affects you https://www.gov.uk/workplace-pensions

AGENCY DRIVERS, EU DRIVERS HOURS RULES – MAIN LIMITS FOR DRIVERS

If you are driving and are subject to EU Drivers hours rules please ensure you are familiar with the VOSA guide on Rules on Drivers hours and Tachographs (revised 2 March 2016), a full version can be found on: https://www.gov.uk/government/collections/drivers-hoursrules-and-guidance

The current limits on drivers' hours as specified by the EU rules are summarised in the following table.

| Table - A summary of the EU drivers' hours rules and sector specific working time rules | | | | | | |
|---|--|--|--|--|--|--|
| Drivers' hours rules Regulation (EC)561/2006 | Working time rules Directive 2002/15/EC | | | | | |
| Driving 9 hour daily driving limit (can be increased to 10 hours twice a week) Maximum 56 hour weekly driving limit Maximum 90 hour fortnightly driving limit | Working time (including driving) Working time must not exceed average of 48 hours a week (no opt out)¹ Maximum working time of 60 hours in one week (provided average not exceeded) Maximum working time of 10 hours if night work performed² | | | | | |
| Breaks 45 minutes break after 4.5 hours driving A break can be split into two periods, the first being at least 15 minutes and the second at least 30 minutes (which must be completed after 4.5 hours driving) | Breaks³ Cannot work for more than 6 hours without a break. A break should be at least 15 minutes long 30 minute break if working between 6 and 9 hours in total⁴ 45 minute break if working more than 9 hours in total | | | | | |
| 11 hour daily rest; which can be reduced to 9 hours no more than three times a week (or split into 3 hours + 9 hours as often as desired) 45 hours weekly rest, which can be reduced to 24 hours, provided at least one full rest is taken in any forhight. There should be no more than six consecutive 24 hour periods between weekly rests. | Same rest requirements as EU drivers' hours rules | | | | | |

³ EC Regulation 561/2006 is directly effective and takes precedence over EC Directive 2002/15 - Article 2.4 Directive 2002/15. Therefore, EU drivers' hours break requirements take precedence when driving

¹ Normally calculated over a rolling 17 week period, but can be extended to 26 weeks under a collective or workforce agreement

² Can be extended under a collective or workforce agreement

After working for 6 hours a mobile worker must take a break requirements take precedence when driving 4 After working for 6 hours a mobile worker must take a break of at least 15 minutes. However, if working more than 6 and up to 9 hours in a shift a mobile worker needs to take a break totalling at least 30 minutes - this could be two breaks of 15 minutes. Where a shift will contain more than 9 hours of working time, a total of 45 minutes of break is needed.

WORKING TIME REGULATION

The regulations say that on average you should not be required to work more than 48 hours each week, unless you agree to do so in writing. Temporary or contract work is all about flexibility, and from time to time, companies may want you to work for longer hours. For this reason we may ask you to work for more then 48 hours a week on average, though of course you are under no obligation to do so. You should note that the maximum 48 hour week is an average number of hours, that average is worked out over a 17 week period (longer in some sectors). In other words, even if you have not agreed in writing to work more than 48 hours per week, there may be some weeks when you do work longer then 48 hour. This is permitted provided that the average hours over a 17 week period does not exceed 48 hours. It is also important to remember that if you have been working for us less than 17 weeks, the hours you work are averaged over the actual number of weeks you have been working. You may opt out of the 48 hour regulation at any time.

DAILY REST

You are entitled to 11 hours rest from work in each 24 hour period as 13 hours is the maximum you can work per day. If you are under the age of 18 you are entitled to 12 hours rest from work you must take this time off as 8 hours is the maximum you can work per day.

WEEKLY REST

You are entitled to at least 1 day off a week, or 2 days off in any 2 consecutive weeks. If you are under the age of 18, you are entitled to 2 days off per week.

REST BREAKS

The company to which you are assigned will allow you a break from work of at least 20 minutes if your assignment lasts for more than 6 hours a day. If it is practicable, you may take this away from your work station. Make arrangements with the client about rest/lunch breaks. If you are under 18 you are entitled to a rest break of 30 minutes if your assignment lasts for more than 4.5 hours. These rest breaks are normally unpaid. A weekly rest period that falls in 2 weeks may be counted in either week, but not in both.

NIGHTSHIFT

A worker should only work on average, 8 hours per 24 hour period. Night shift work is generally regarded as any time between 10pm - 6am.

You would determine if a worker was a night worker if they worked at least 3 hours during the night time period (10pm-6am).

RECORDING HOURS

As a responsible and compliant agency we take driver health and safety seriously. Whilst it is your legal responsibility to ensure that you work within the Drivers Hours Rules, we also do everything possible to record and manage the hours that you work.

ATTENDANCE/CLOCKING IN

You must clock or sign in on arrival at work. You must also remember to clock or sign out properly at the end of your shift. You must not clock or sign anyone else in or out. You must use the agency timesheet provided and submit a signed copy back to your agency branch.

It is vitally important that you sign/clock in and out and complete your timesheet, as these systems are used to generate your pay and is also used for fire evacuation purposes. If you are using a manual signing in system, please ensure your name is readable and in capital letters.

If you are going to be late or absent, please contact your agency representative on the telephone numbers provided, as early as possible.

ABSENTEEISM

Once you have confirmed that you are working on a particular day, it is expected that you will attend. Any unauthorised absence may lead to action being taken.

STATUTORY SICK PAY

Workers whose weekly wage exceeds the National Insurance Lower Earnings Limit are entitled to claim Statutory Sick Pay (SSP). This is only payable following three days consecutive illness. No payment is made for up to three days of absence through sickness.

HOLIDAYS

You are entitled to 5.6 working weeks paid holiday a year. So if you have a contract for a year's work and work five days a week you are entitled to 28 days paid holiday. If your contract is for six months and you work five days a week you are entitled to 14 days paid holiday. These days may include bank/public holidays; please refer to your contract.

The Company's holiday year commences on the Company's financial year week 1 each year and concludes on week 52 each year, for the avoidance of doubt week numbers are displayed on your payslip. Unused entitlement cannot be carried over into the following year.

Workers who leave or join the Company during the holiday year are entitled to a prorata holiday allowance, based on how much of the year they have worked for the Company. Workers who leave and have not fully used their prorata entitlement will be reimbursed by payment in lieu.

In the event that a worker has not used up their entitlement at the end of the holiday year, they will lose all unused entitlement. Please note that you cannot save up your holiday entitlement to receive it as a payment in lieu at the end of the holiday year.

IF YOU WANT TO TAKE HOLIDAY

You must give your agency representative advance notice that you want to take holiday. This notice should be at least twice as long as the amount of holiday you want to take (for example, you should give two weeks' notice for one week's holiday). You will need to complete a holiday request form and this will then be authorised by the branch manager.

Your agency can refuse permission for your holiday as long as they give you notice which is at least as long as the holiday requested (so to refuse a request for a week's leave, they would have to tell you a week in advance).

Your contract may set out other rules about when you can take your holiday. This is allowed so long as the rules don't effectively prevent you from taking holiday at all.

PREGNANT WORKERS

The agency would like to highlight that any female workers who are pregnant and working, must inform their agency representative and the client in writing immediately. We can then arrange for Risk Assessments to be completed to ensure you or your unborn baby's health are not put at risk. There may be some areas of a work place or tasks that are deemed unsafe for you. It is our duty to work with our client to place you in a safer and more suitable area while pregnant.

MATERNITY PAY

You will receive a MATB1 form on your 20 week check up with your midwife, please complete this and send to the agency office, taking a copy for yourself. This will be forwarded to the payroll team to process and calculate maternity pay if due.

You are not entitled to maternity leave, however female workers that meet the qualifying criteria for statutory maternity pay will receive this for a period of up to nine months, whilst not working. Workers need to discuss all arrangements with their manager prior to beginning this period.

PATERNITY PAY

You will receive a MATB1 form on your partners 20 week check up with their midwife, please complete this and send to the agency office, taking a copy for yourself. This will be forwarded to the payroll team to process and calculate paternity pay if due.

HARASSMENT AT WORK

It is the policy of the agency that harassment will not be permitted or condoned.

The agency defines harassment as consisting of unwelcome, offensive, abusive, belittling or threatening behaviour. It is usually based on some real or perceived difference such as sex, race or disability, which may lead to the individual being offended, humiliated, intimidated or disadvantaged.

The agency recognises the Protection from Harassment Act of 1997, whereby it is unlawful to pursue a course of conduct, which amounts to harassment of another and where the person in question knows or ought to know what amounts to harassment of another.

The agency will not tolerate any forms of sexual and racial harassment and seeks to ensure that the working environment is sympathetic to all workers.

The agency recognises that it is unlawful to treat someone unfairly because of their gender, skin colour, nationality or disability.

If you feel you are being harassed at your place of work, please report this to the agency branch manager immediately.

SEXUAL HARASSMENT

Sexual harassment at work is unlawful, the harasser may be held liable for any unlawful actions. Women and Men have the right to work in an environment free from sexual intimidation.

Sexual harassment takes many forms, from relatively mild sexual banter to actual physical violence. Staff may not always realise that their behaviour constitutes sexual harassment but they must recognise

that what is acceptable to one person, may not be acceptable to another. Sexual harassment is described as any form of behaviour, which makes a reasonable person feel that someone else is treating them as a sexual object or demeaning that person because of their sexual orientation.

Some examples include:

- Insensitive jokes or pranks
- Lewd comments about appearance
- Unnecessary body contact
- Displays of sexually offensive material
- Requests for sexual favours
- Speculation about a person's private life and sexual activities
- Threatened or actual sexual violence
- Threat of dismissal, loss or promotion etc for refusal of service.

RACIAL HARASSMENT

Racial harassment at work is unlawful and, as sexual harassment, the harasser may be held liable. All staff have the right to work in an atmosphere free from racial intimidation. Racial harassment is described as any hostile or offensive act of expression (or incitement to commit an act or expression) by a person of one racial or ethnic origin against a person or another, where the grounds for such behaviour are racial.

Grounds for racial harassment are identified by The Commission for Racial Equality as the grounds of race, colour, and nationality including citizenship or ethnic or national origins. Intentional racial harassment is a criminal offence.

Racial harassment can take many forms, from relatively minor abuse to actual physical violence.

Examples of harassment include:

- Insensitive jokes related to race
- Pranks
- Deliberate exclusion from conversations
- Abusive or insulting words or behaviour
- Displaying words or pictures

WORKPLACE BULLYING

Workplace bullying or harassment is behaviour which is intended to create, or which results in, a working environment which is offensive, hostile or intimidating.

Although typically the initiator of such behaviour is in a position of power or authority this does not have to be the case.

Workplace harassment or bullying can occur to, or be initiated by, a single person or a group of people. The Agency seeks to create a working environment in which people are able to realise their full potential and therefore cannot condone workplace bullying. Complaints of bullying or harassment will be dealt within accordance with the procedure set out under this code.

GRIEVANCE PROCEDURE FOR WORKERS ENGAGED ON CONTRACTS FOR SERVICES.

If you have any issues relating to your assignment or the services provided by the agency, these issues should be raised in the first instance with your agency representative or branch manager. The agency representative may wish to meet with you to discuss the matter further.

If you disagree with the outcome of the complaint or do not feel that the matter has been adequately resolved then you can, should you wish, escalate this matter by referring your complaint to the branch manager.

DISCIPLINARY PROCEDURE FOR WORKERS ENGAGED ON CONTRACTS FOR SERVICES.

Whilst you are working on an assignment, its continuation is subject not only to the continued requirements of the client for you to provide services but also the client being happy with your performance and conduct. Accordingly as set out in your temporary workers agreement there are certain standards which need to be met.

If we are advised by a client that they have some concerns regarding these standards or your performance, we may, if the client wishes you to continue in the assignment, ask that you meet with us to discuss such matters. If we and/or our client feel it necessary we may notify you that in order for the client to require your assignment to continue, or in order that we may meet our contractual obligations to the client, there will need to be an improvement in your conduct or performance.

GENERAL INFORMATION

The agency is committed to ensuring good health and safety practises, and in conjunction with our clients, wish to ensure that our temporary workers are not subject to any hazards or risk that may result in injury or disease. If you already have your own PPE and wish to use this for an assignment we will ask you to sign a PPE waiver form to confirm to us that you are happy to use your own. We will also want to inspect the PPE to ensure it is suitable for your assignment.

WAREHOUSE SAFETY

Every year, poor health and safety practices in the workplace lead to hundreds of accidents causing injury and even death.

The Transport and Distribution industry can be particularly dangerous. Accidents involving vehicles in the workplace kill around 70 people a year and cause more than 20,000 reportable injuries, over a third

of which involve lift trucks. More than a third of workplace accidents leading to three or more days off work result from manual handling accidents.

Such injuries cause suffering for those involved and their dependents, and often incur heavy costs for the agency's business. Even an accident not causing injury may result in costly damage to vehicle, buildings or goods. Yet most, if not all, are entirely preventable.

WEIGHT GUIDELINES

There is no such thing as a completely 'safe' manual handling operation but the guidelines here will reduce the risk of accidents. It must be remembered, however, that these are guidelines and not legal limits.

Each box shows the guideline weight for lifting and lowering and will give reasonable protection to nearly all men and to between half to two thirds of women. To provide similar protection to nearly all women, reduce the guideline weights by about a third.

It is also important to:

- reduce the weights by 10% if the handler turns through 45° and 20% for 90° turns.
- reduce the weight by:
 - 30% if the operation is repeated once or twice per minute
 - 50% if the operation is repeated five to eight times per minute
 - 80% if the operation is repeated more than 12 times per minute.

SAFE MANUAL HANDLING

Remember

- Where possible manual handling should be avoided by the use of a trolley or other device
- Good manual handling at all times will help to prevent health problems occurring
- Wear suitable protective clothing, such as boots, gloves and overalls

BEFORE COMMENCING ANY LIFT, ASK YOURSELF

- Can I avoid manual handling by the use of a trolley or other device?
- If manual handling is required, am I capable of this single person lift? If not arrange for a two-person lift. *
- Are there any trip hazards in the carrying route?
- Can these trip hazards be removed prior to a lift?
- Are there any restricted width or height areas in the carry route?
- Are there any falling hazards?
- Can the vehicle to be loaded/unloaded be brought closer?
- Are there any factors that could affect safety (i.e. humidity, delivery area, etc)?

* If you think you require further information or training reminders on correct manual handling techniques, refer to the following sections or inform your agency representative.

WHY SHOULD I LEARN THE RIGHT WAY TO MOVE AND LIFT THINGS?

Every year thousands of injuries are caused by not lifting and carrying correctly. Learning the right way to handle objects will ensure that you stay fit and healthy and avoid any injuries or accidents. Common injuries are:

- Ruptured discs
- Sprained ligaments
- Sprained and inflamed tendons
- Muscular injuries
- Trapped nerves
- Hernias
- Fractures
- Cuts and crushing to parts of the body, for example when a load is dropped onto fingers or feet.

Some injuries occur immediately but many develop gradually. Most will cause significant pain and result in absence from work.

HOW TO PREVENT INJURIES

As with all health and safety issues, the simplest way of preventing injuries from occurring is to eliminate the hazard. In this case the hazard is the need to carry out manual handling. This cannot be avoided in a warehouse/removals environment. In this case the task involved needs to be assessed, deciding which risks are associated with the task and how they can be reduced or eliminated.

THE FOLLOWING POINTS NEED TO BE CONSIDERED WHEN ASSESSING THE JOB:

- The task to be carried out
- The load to be moved
- The environment in which the handling is taking place
- The capability of the individual involved in the manual handling
- The next section of the workbook is designed to help you know what to look for and ensure that you are capable of carrying out the tasks assigned to you.

a) THE TASK

- Carry loads close to the body because lifting and carrying at arms length increases the risk of injury.
- Avoid awkward movements such as stooping or twisting.
- Try not to lift from the floor or from above shoulder height.
- Plan ahead-use teamwork where the load is too heavy for one person.

b) THE LOAD

- Try to reduce the weight of the load, try not to carry too much at any one time.
- Make sure you have a firm grip of the load.
- Ensure sharp edges are covered up; use a blanket or a sheet.
- Wear suitable protective equipment such as gloves, footwear and overalls.

c) THE ENVIRONMENT

- Remove obstructions and ensure that you have a clear path to your destination.
- Ensure that the floors are not slippery or loose.

d) THE INDIVIDUAL (YOU)

- Never attempt to lift anything unless you have been trained to do so.
- Always ensure that you are capable of undertaking the task.

CORRECT LIFTING

Remember correct manual handling must be followed to minimise the risk of injury. The techniques below should be followed at all times, even at home.

1. PLANNING AND PREPARATION

Think! Think! Think about what you are going to lift and plan the lift. This only takes a few seconds.

- Consider what you will be lifting, where you will put it and how you are going to get there?
- Assess the weight and centre of gravity of the load, is it weighted to one side?
- Assess the size of the load, can you grip it safely and still see where you are going?

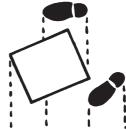

- Assess whether or not you can safely lift the load on your own. Remember to ask for help.
- If more than one person is involved in the lift then plan and discuss together. Someone has to take the lead.
- Plan your route, remove obstructions and ensure that the floor is safe.
- Make sure you are wearing the right protective equipment to carry out the task.
- Ensure that you can maintain a firm grip.
- Consider taking a rest stage when moving a heavy load, remember to avoid putting the load on the floor.
- Avoid carrying unsafe loads. If in doubt re-package.

2. POSITION

Stand with your feet apart and your leading leg forward. Your weight should be even over both feet. Position yourself (or move the load) so that the heaviest part is next to you. If the load is too far away. Move toward it or bring it nearer before starting to lift.

3. THE LIFT

- Always use the correct lifting posture.
- Bend the knees slowly, keeping the back straight.
- Tuck the chin in on the way down.
- Lean slightly forward if necessary and get a good grip.
- Keep the shoulders level, without twisting or turning from the hips.
- Try to grip with the hands around the base of the load.
- Bring the load to waist height, keeping the lift as smooth as possible.

4. MOVE THE LOAD

- Move the feet, keeping the load close to the body.
- Proceed carefully, making sure that you can see where you are going.
- Avoid twisting the body, stooping or leaning back.

5. LOWER THE LOAD

- Lower the load, reversing the procedure for lifting.
- Avoid crushing fingers or toes as you put the load down.
- Position and secure the load after putting it down.

REMEMBER TO REPORT ANY PROBLEMS IMMEDIATELY

OTHER LIFTING TECHNIQUES

1. Reaching Overhead

- Try to assess the weight of the object first.
- Use a step stool or ladder and never reach above your shoulders.
- Slide the load close to the body. Be sure to keep a solid footing and a firm grasp.
- Let your arms and legs do the work. Ensure that you have a safe place to put the load.

2. OVERSIZED OR HEAVY LOADS (TWO PERSON LIFT)

- Work as a team; use a two-person lift.
- Make sure one person directs the lift.
- Lift at the same time.
- Keep the load level when carrying.
- Move smoothly together and unload at the same time.

3. BAGS AND SACKS

- Assume the safe lifting position.
- Grasp the load at opposite top and bottom corners.
- Power your body up with your legs and use your arms to raise the load to rest on your hip.
- Fully stand and move the load to rest on your shoulder.

4. LONG OBJECTS

- Carry lumber, pipe and other long objects over the shoulder.
- Be careful ends don't hit anyone or anything.

MOBILE PHONES POLICY

The use of mobile phones in certain circumstances produces a risk not only to the user but also to others in the vicinity, when the attention of the user may be distracted.

In order to reduce the risk, the following policy must be adopted.

• Comply with the current law at all times.

• The use of hand-held mobile phones whilst driving is illegal and drivers must not use a hand-held mobile phone under any circumstances whilst driving, as this presents a danger not only to the driver but also to other road users.

• Where it becomes necessary to use a hands-free mobile, drivers should consider bringing their vehicle to a stop at a safe location, giving due regard to the classification of the road conditions at the time.

• Should the facility allow, drivers should consider switching off their mobile phone whilst driving and activate the voice mail facility on the mobile phone. This will allow messages to be delivered at a convenient time when conditions allow.

• Where stipulated, certain vehicle manufactures indicate that mobile phones without an external aerial attached should not be operated under any circumstances within their vehicles due to the possible effects on vehicle electronics and other devices, e.g. air bags. Vehicle handbooks should be referred to for further information.

• Due to the potential lapse of concentration which would place an individual, and others, at risk, mobile phones should not be used whilst operating any item of work equipment or whilst undertaking servicing or repair of vehicles.

• Mobile phones should not be operated under any circumstances in potentially flammable or explosive atmospheres. This includes areas for storage of flammable liquids, including petrol station, and storage areas for explosive devices e.g. air bags.

With regards to possible health effects from radiation whilst using mobile phones no prescriptive and definitive information has yet been produced.

SMOKE-FREE POLICY

Purpose

This policy has been developed to protect all employees, service users, customers and visitors from exposure to second-hand smoke and to assist compliance with the smoke-free provisions of the Health Act 2006.

Exposure to second-hand smoke, also known as passive smoking, increases the risk of lung cancer, heart disease and other illnesses. Ventilation or separating smokers and non-smokers within the same airspace does not completely stop potentially dangerous exposure.

Policy

All of our workplaces are smoke-free and all of our workers have a right to work in a smoke-free environment.

Smoking is prohibited throughout the entire workplace with no exceptions. This includes all company vehicles used by one or more persons and those privately owned vehicles used for business purposes if other workers have to travel in that vehicle. This policy applies to everyone.

Implementation

All employees are obliged to adhere to, and to facilitate the implementation of the policy.

Appropriate 'No Smoking' signs will be clearly displayed at or near the entrances to the premises, and in company vehicles provided to individuals for business and personal use. 'No Smoking' signs will also be provided to workers who use their own vehicles for business purposes and these will be displayed in their vehicles.

Non – compliance/Agency Temporary workers

All temporary workers are required to adhere to this policy as outlined above. Failure to comply with this policy will result in the client's discretion to end your temporary assignment.

DRUGS, CONTROLLED SUBSTANCES AND ALCOHOL POLICY

The agency operates a strict zero tolerance policy on the use of drugs, controlled substances and alcohol.

Temporary workers are strictly forbidden from driving or working while under the influence of drugs, alcohol or any controlled substances unless prescribed by a Doctor and have no adverse affect upon your ability to perform your duties in line with current health and safety regulations.

Neither should they sell, distribute or possess any drugs or alcohol while working on an assignment for the agency.

All agency temporary workers are required to adhere to this policy. Failure to comply will result in immediate termination of your temporary assignment, and any further work with the organisation.

TRADE UNION MEMBERSHIP

The agency currently has no collective bargaining arrangements with any Trade Unions. However the agency fully accepts that workers are free to join a Trade Union of their choice and will comply with legal obligations to work with Trade Union representatives in pursuance of the Union's statutory rights concerning their members' interests.

ACCESS TO HEALTHCARE

If you make National Insurance Contributions, you are generally entitled to free treatment from the UK National Health Service, however certain costs are due from patients for prescribed medicines, dental treatment and some optician fees.

If you are paying UK Tax and National Insurance you may be able to claim maternity benefit or incapacity (sickness) benefit if, for health reasons, you are unable to work for four or more consecutive days. Contact your Jobcentre Plus office in the UK to find out more.

You will need a National Insurance number to make a claim. If you are not paying UK contributions and become sick or pregnant contact your local Jobcentre Plus (Jobs and Benefits office NI) for advice about State benefits or visit www.gov.uk/contact-jobcentre-plus.

WILL I BE CHARGED A FEE?

The agency operate a strict 'No Fees Charged' Policy. So please inform us if you are ever asked to pay anyone money for finding you work. Please also advise if any other agencies or independent person has charged you money to find work with us. Your information will be confidential and you can leave information anonymously.

Employment agencies in the UK cannot charge you fees for simply finding you work or putting you on their books. They are meant to make their money from their client companies who need workers, not from those seeking work. There are some exceptions to this rule in the entertainment and modelling sectors. They also cannot insist that you buy other products or services such as CV writing or training. Where the agency provides other services you have a right to withdraw from those services subject to a period of notice.

CAN I CHANGE TO A DIRECT CONTRACT WITH THE USER COMPANY?

Yes, if you have been offered a permanent position by the client.

CAN I CHANGE TO A DIFFERENT JOB?

Yes. Your nearest Jobcentre Plus, or Jobs and Benefits office can help you find permanent or temporary work.
